Hi David,

I am following up on a voice message I left earlier today. I represent Chevron in the climate change cases and have acted as liaison counsel for Defendants on various issues. I would like to discuss the lawsuit you recently filed on behalf of San Juan and, in particular, whether the parties can negotiate and agree upon a reasonable schedule to brief Defendants' forthcoming motions to dismiss. Please let me know when would be a convenient time to discuss these issues.

Best,  
Josh
